

CERT Monthly Safety Tip

AED Locations in the Community

You may have completed training on the use of Automated External Defibrillators (AEDs), but you also need to know where they are located within Del Webb. We have 6 AEDs located throughout the community :

- 1) Outside the Group Fitness Room at the Oasis
- 2) By the ProShop / Tennis and Bocce Court bathrooms
- 3) On the Pool Deck by the left entry door to the Oasis Lobby
- 4) On the wall by The Lake House bathrooms
- 5) In the large storage box at the Pickleball Courts
- 6) Under the covered area at the Satellite Pool

AEDs can be life-saving devices when used while waiting for 911 First Responders to arrive and administer aid. AEDs are easy to operate, with audio instructions to guide you through every step.
